## EDUCATION

### Vivekanand Education Society's Institute Of Technology

Mumbai, India

*Bachelor of Technology in Information Technology*

*Present*

### Navjeevan Education Society's Polytechnic

Mumbai, India

*Diploma in Computer Engineering (91.77%)*

## TECHNICAL SKILLS

**Languages:** Python, Java, JavaScript, SQL

**Web Development:** React, Node.js, HTML, CSS

**Databases:** MySQL, Firebase, MongoDB

**Tools & Cloud:** Git, GitHub, Docker, AWS, Google Cloud, Linux, Windows

## EXPERIENCE

### Web Development Intern

June 2025 – Aug 2025

*GODJIN Solution Pvt. Ltd.*

*Thane, India*

- Developed a full-featured quiz web application with teacher-student roles, including quiz creation, user authentication, and responsive UI.
- Integrated AI-powered quiz generation to automatically create questions from topics/content, improving efficiency and reducing manual work.
- Utilized HTML, CSS, JavaScript, and React to build a dynamic and interactive user interface.

### Android Developer Intern

June 2025 – Aug 2025

*Quality Software Technologies*

*Thane, India*

- Built a mobile application for Maharashtra Police using Java and Android Studio.
- Implemented key features such as user login, report submission, and notifications.
- Integrated Firebase for real-time database management and secure authentication.

### Python Intern

June 2023 – July 2023

*IGNITECH Pvt. Ltd.*

*Thane, India*

- Developed a software prototype that successfully demonstrated the potential of a new research concept.
- Installed and configured various software applications and services to support organization needs.

## PROJECTS

### FinanceTracker | *React, MongoDB, JWT, Vercel*

- Created a finance tracking app deployed on Vercel with AI-driven insights and transaction analysis.
- Implemented secure login using JWT authentication and a MongoDB backend for data storage.
- Designed a clean, responsive dashboard for real-time updates and spending recommendations.

### QuizSync | *HTML, CSS, JavaScript, MySQL, AI*

- Built a dynamic quiz management platform supporting AI-generated questions and real-time participation.
- Implemented secure role-based login and structured result tracking using MySQL integration.
- Designed a responsive UI to facilitate seamless quiz creation and student interaction.

### LogoSure | *HTML, CSS, JavaScript*

- Built a fake logo detection website to showcase projects, skills, and contact information.
- Implemented responsive design and interactive navigation using standard web technologies.

## CERTIFICATIONS & EXTRACURRICULAR ACTIVITIES

**Certifications:** AWS Academy Graduate - Cloud Foundations | The Complete 2024 Web Development Bootcamp (Udemy) | Networking Basics (Cisco).

**Hackathons:** Participated in MumbaiHacks (2025) and AI Coligon (2024).

**Activities:** Member of computer science club; participated in coding competitions and paper presentations.
